### A SHORT LEGISLATIVE DAY

#### Not a Great Deal Accomplished in Either House.

The legislative council was in session about an hour yesterday morning. There was a brief morning sitting of the house and another in the afternoon, at which the principal business transacted was the adoption of a motion to adjourn. Many of the members desired to attend the opening meeting of the Territorial Live Stock association convention.

Soon after the convening of the council the nominations of Dr. William Duffield to be territorial health officer and L. W. Collins to be assistant secretary of the territory were received from the office of the governor.

### CASH BUSINESS

By eliminating all losses through credit, expense of bookkeeping, etc., we shall be able to make lower prices and give better service.

The growth of our business during the past year has been phenomenal and our capital has not been able to keep pace with it, this also has been a factor in causing us to change to a strictly cash basis.

We shall maintain the same high standard of quality which has characterized our establishment in the past and will earnestly guard against the tendency of many cash stores, which endeavor to attract the people by cheap prices on improper eatables.

We have a proposition to offer our customers in a few days which has all the conveniences of credit and the advantage of cash.

Watch for it.
